CITY COUNCIL TEAM TRAINING

The email from the LMC regarding two options on Council relations training was presented. No action was taken and Eckerly will continue to research other options.

POLICE CHIEF POSITION

Thompson announced that the Council held a Working Session on April 17, 2012 to discuss options, but could not take action during that session.

Zimmerman stated that he appreciated individuals talking to him about the situation.

Eckerly reported that Paynesville Township discussed the contract and voted 3:0 to not extend the contract, but Pietsch would like to meet with the City and County to discuss a new contract and that the \$75.00 fee is too excessive.

There was some discussion on the hiring process, pay scale, having an officer on the interviewing committee, working with the County.

There was further discussion on the effects on the union, salaries, job description, hiring internally or seeking externally.

A time line was questioned. Eckerly stated that the Council could make and approve changes to the job description, discuss the wage scale and union contract and then list for 30 days. The County could work with the City through the hiring and interviewing process and then bring the final three back to the full council for a second interview.

Who will serve on the Interview Committee, including questions, and pointing was discussed.

It was suggested to present a package and checklist with what has been done and what has to be done next and the May 9, 2012 City Council meeting.

Land & Lease would like an extension until December 15, 2012. Representatives from Land & Lease will be at the May 9, 2012 City Council meeting. Eckerly further reported that she contacted other cities that have worked with Land & Lease and they reported it is a slow and long process, but in the end rewarding the worth it.

It was reported that the Planning Commission also discussed this and the Commission recommended moving forward with the infrastructure and street and let the purchase agreement expire.

The 429 process was discussed.

Opportunity Park Plat is being paid for out of the EDAP fund 220. To date there have been \$48,105.03 in expenses from 2011 and 2012 which has put EDAP into a negative balance. In order to cover the negative balance, It was suggested to take \$60,000 from General Fund reserves 100 to cover the Opportunity Park Plat expenses. This would be paid back to General Fund 100 when the land is sold.

Motion was made by Soine to transfer \$60,000 from the General Fund reserves 100 to EDAP 220. Seconded by Zimmerman and unanimously carried.

Expenses are coming in for the Wastewater Facility Plan Construction Fund 570. In order to cover these expenses and avoid negative interest, Ron Mergen would like to transfer \$200,000 from Sewer Fund 115, \$160,000 from Sewer Equipment Replacement Fund 116, and \$340,000 from Preareation Replacement Fund 117 for a total of \$700,000 to the WW Facility Plan Construction Fund 570. This is to avoid a monthly transfer. Fund balances are
