ADMINISTRATOR COMMENTS:

COMMITTEE/COUNCIL ACTION:

Motion to approve the minutes from April 8, 2016 and April 25, 2016 Budget & Finance Committee meetings.

**MINUTES
BUDGET & FINANCE COMMITTEE**

APRIL 8, 2016

Jean Soine called the meeting to order at 11:00 a.m. Other members present were Neil Herzberg, Elliot LaBeau, Belinda Ludwig, Finance Specialist.; and Renee Eckerly, City Administrator. Ron Mergen, Public Works Director was also in attendance.

Motion was made by LaBeau to approve the minutes from the August 4, 2015, June 2, 2015, April 7, 2015, February 9, 2016 and February 19, 2013 Budget & Finance Committee meetings. Seconded by Herzberg and unanimously carried.

COUNCIL WAGES

The Committee discussed the increase the staff received. The last increase was approved on June 11, 2012 for 2013.

Motion was made by Ludwig to approve a Council wage increase of 1.5% in 2017 and 2% in 2018 and recommend such to the City Council. Seconded by Eckerly and unanimously carried.

COUNCIL PER DIEM

The Committee discussed Council member per diem; increasing from \$45.00 per half day to \$50.00 and \$90.00 per full day to \$100.00. There is approximately eleven full meetings a year. Council members also get mileage, meals, and hotel accommodations paid for in addition to the per diem. The last increase was in 2006.

Motion was made by Herzberg to increase the per diem for Council members to \$100.00 for full days and \$50.00 for half days effective January 1, 2017 and recommend such to the City Council. Seconded by Soine and unanimously carried.

MEETING DATE CHANGE

The Committee discussed changing the meeting time for June 7, 2016; to meet earlier in the day or leave at 4:45 p.m.

COMPOST SITE

Mergen reported on the Compost Site. The Committee discussed the need for a card/gate system or to just leave it open with cameras in place. The camera system will retain as many days as the size of the hard drive.

It was discussed trying to keep the site open for the remainder of the 2016 season and put in a gated system in 2017 so that the costs would be spread over two budget cycles.

Mergen reported the grant application was sent into Stearns County for \$15,000.00. Mergen received a call from Troy Freihammer at the County and they have to put together a process for large amount requests. This new process and whether or not the City would receive the grant would not be in place until July of 2016.

The Committee reviewed what the current payment/permit process is. Residents are sharing the \$10.00 permits. Purchasing cards and putting \$10.00 on all water bills and issuing cards to all residents and have Township residents and anyone else purchase cards was suggested.

Discussion was held on how to handle commercial permits since now they get a key and pay \$200.00.

Mergen reported that his department will be putting up a fence so people have to follow a specific path and put the cameras along that route. A second gate would remain locked unless there is a power outage.

The Committee suggested completing Phase 1; get the electrical and cameras installed and wait for the grant decision to do Phase 2; gate and card system in August/September of 2017.

Paynesville Township can either pay 38% (same percentage they have been paying) toward the whole project or have the township residents purchase cards individually for \$15.00.

Options included; budget extra for the project, put a charge on the water bill for all City residents, and/or charge the Township.

Motion was made by Eckerly to take money to install a new compost system from reserves and waive the 2017 fees for City residents for computer card access and charge \$15.00 for all non-residents and \$250.00 for commercial entities and recommend such to the City Council. Seconded by Herzberg and unanimously carried.

Motion was made by Herzberg to set a duplicate card fee of \$5.00 each and recommend such to the City Council. Seconded by Ludwig and unanimously carried.

LIBRARY FURNITURE

The Committee discussed the proposed library furniture.

Motion was made by LaBeau to approve 2 Rhapsody Mobile Club Chairs at \$284.00 each from the Library fund and recommend such to the City Council. Seconded by Herzberg and unanimously carried.

HOLIDAY LIGHTS

Holiday lights were discussed.

Motion was made by Eckerly to transfer \$5,074.00 from the Lake Ave. Fund to make the amount \$12,700.00 and recommend such to the City Council. Seconded by LaBeau and unanimously carried.

NEXT MEETING

Motion was made by LaBeau to set the following meetings; April 25 – will be joint with Council for the 2015 audit, May 3 will be cancelled, and June 7, 2016 will be the next meeting. Seconded by Eckerly and unanimously carried.

There being no further business, the meeting was adjourned at 12:50 p.m.

Subject: Springsted/Northland

Hello Mayor Thompson,

As a follow-up to our conversation of yesterday, I wanted to review some of the reasons that the City of Paynesville should continue to work with Northland Securities on pending bond issues.

I mentioned that I first heard that Paynesville has switched to Springsted in a phone call with Renee yesterday. Renee indicated that the change was made because the City was "dinged" by a late filing report to the SEC 9 years ago. Specifically, Northland did not file the City's 2006 Audit with the SEC's depository until August 15, 2007. Northland had notified the SEC and bond holders prior to the end of 2006 that the filing would be late. Though the City was cited for the late filing, the City will not be fined or suffer any other negative effects of the late filing. The SEC views the late filing as a minor issue.

Since August 15, 2007, every report and Audit has been filed on time on behalf of the City by Northland. This includes two notifications to the SEC of two credit rating changes (at no cost to the City).

I have served the City of Paynesville (initially with Juran & Moody) since 1989. Over that period of time, I have prepared 20 Debt Management Studies and presented the finished product to the City Council and staff – all at no cost to the City. The DMS has enabled the City to monitor the cash flow needs of each outstanding bond issue. The DMS has also revealed opportunities to either refinance bond issues or pay off bond issues ahead of time. For example:

In 1994, I recommended to the City that it purchase a \$472,000 US Treasury Zero Coupon Bond with City Hall debt service funds. This investment matured on 11-15-01, just prior to the 12-1-01 Call Date of the City Hall bond issue. When the Zero matured, proceeds were used to pay off the entire City Hall bond issue – enabling the City to cancel the remaining tax levies due from 2002 – 2010 – tax levies that totaled \$545,000.

The Taxable Sewer Revenue Bonds of 1994 were refunded in 2002, enabling a reduction in sewer rates that supported the bond issue's debt payments from \$120,000 to \$100,000 per year, for a total reduction of \$140,000 over seven years.

In 2003, due to a healthy debt service fund balance for the Improvement Bonds of 1996, I recommended, at no cost to the City, that the 2007 – 2011 maturities be prepaid. These maturities were prepaid, eliminating \$129,750 in future interest payments.

In 2003, due to a healthy debt service fund balance for the Improvement Bonds of 1995, I recommended, at no cost to the City, that the 2008 – 2010 maturities be prepaid. These maturities were prepaid, eliminating \$60,074 in future interest payments, and \$44,000 in annual tax levies that supported the issue's debt payments.

In 2003, a USDA Loan was refinanced, saving the City \$26,222 in future debt service payments.

In 2010, G.O. Improvement Bonds were refinanced, reducing future debt service payments by \$59,202.

In 2012, G.O. Improvement Bonds were refinanced, reducing future debt service payments by \$90,422.

Northland Securities (& its predecessor) has provided, and will continue to offer, the City of Paynesville with a level of service, innovation and commitment unmatched by our competitors. I want to continue to serve the City of Paynesville with its future financing needs.

Thank you,

Good Morning,

Renee may be receiving misinformation from other parties as to whether the City is, or is not, in compliance regarding Continuing Disclosure regulations. Please see Catherine Winkelhake's email below.

In the past 9 years, there has been only one instance of a late filing. Since 2007, Northland has filed all Continuing Disclosure reports on-time and in full compliance with all regulations.

Thanks,

Monte

Subject: FW: Paynesville Rating S&P

The City's only outstanding bond issues that are currently subject to Continuing Disclosure requirements are the following:

\$1,235,000	G.O. Improvement Bonds, Series 2010A
\$685,000	G.O. Street Reconstruction Bonds, Series 2010B
\$840,000	G.O. Improvement Bonds, Series 2014A

These 3 issues are all subject to "Limited" (not "Full") Disclosure, so only audited financial statements are required to be filed on the EMMA website. They are due no later than 12 months after the end of the fiscal year for the completed audit. Attached is an EMMA web page that shows the City's audits have been filed within the required annual deadline for each of the past 6 years – the reports have never been filed late. There is no additional "Financial and Operating Data" Report that is required to be filed – that only applies to bond issues that are subject to "Full" CD. It may be that the City's audit firm is not aware that these bond issues are only subject to the "Limited" Disclosure rules, or they may not be aware that there are different requirements for "Limited" vs. "Full" disclosure.

The City also has a number of bond issues that are completely "exempt" from the Disclosure rules, and I'm not sure if their audit firm is aware of the exemptions allowed under the Disclosure rule. The exempt issues include the Series 2012A Crossover Refunding Bonds (exempt because the issue size was below \$1 million) and all of the City's PFA Loans (exempt because they are private placements with the PFA).

The Limited Disclosure rules also require that any change in a credit rating has to be posted on the EMMA website within 10 business days of occurrence. On March 14, 2014, the City's S&P rating was upgraded from A+ to AA- through S&P's "rating surveillance" process. To my knowledge, we were not told of that rating change by the City, and instead found out directly from S&P in May 2014 when we submitted the City's Series 2014A bond issue for a rating. Please see the email below, which indicates when S&P informed us of the rating change from their review in March. We did post immediately after hearing about it from S&P, but it was rather surprising that the City did not let us know in March that their rating was upgraded. That would have allowed us to post the change for them in March.

We have found that audit firms in the past several years have been asking more questions of their clients about meeting continuing disclosure requirements. Although this is good, we have also found that they are often not at all aware of the many exceptions under the disclosure rule, and this often results in confusion over whether their client is "in compliance" or not. Paynesville has clearly been in compliance with their continuing disclosure rules for quite some time, and we are happy to be able to assist them in meeting all their deadlines.

Catherine,

Were you aware of Paynesville's recent upgrade?

Subject: Paynesville Rating S&P

Hi Monte-

I will be the primary analyst and Liz Bacheider will be the backup analyst for the Paynesville rating. We reviewed the city in March 2014 as part of surveillance but did not have the FY13 audited financials at that time. The rating was upgraded to AA-/stable.

Please let us know what date and time you have in mind for a conference call.

Kind regards,
Steffanie
