COMMUNITY PARK TOUR & REVIEW

Members walked the park noting the following items:

- The grass planted around the BMX track looks very positive and will solve the issue the City had previously with the slopes not being able to be mowed
- The area along the west side of the park, closest to the future assisted living site, was discussed as a future use of walking trails, additional trees for shade and/or sprinkler system
- Other items in the park included ½ basketball court with pickle ball
- A new and more visible sign
- Doggy bag dispenser

HAND WASH STATIONS

The hand wash stations are still on order.

COVID-19

The City still has all the signage posted warning park visitors to social distance and that the park equipment is not sanitized.

SHELTER RESERVATIONS

Most reservations to date have been cancelled.
